Commissioner of Patents and Trademarks

See attached response to the Amendment, Petition, and Fee filed 30 January 2002 to add an inventory erroneously not named in the original filed declaration pursuant to 37 CFR 1.48(a)..

Inventorship

In view of the papers filed 30 January 2002, it has been found that this nonprovisional application, as filed, through error and without deceptive intent, improperly set forth the inventorship, and accordingly, this application has been corrected in compliance with 37 CFR 1.48(a). The inventorship of this application has been changed by adding the following previously unnamed person as an inventor of this application: Dr. William Beningfield Collis.

The application will be forwarded to the Office of Initial Patent Examination (OIPE) for issuance of a corrected filing receipt, and correction of the file jacket and PTO PALM data to reflect the inventorship as corrected.
